More Snoopers Tips Soon!

Author : michaelbloomer

More Snoopers Tips (TM) Coming Soon! We'll have a look at Congress some more, and begin introducing the Executive Branch, particularly showing you how to keep up with the Presidency of Barack Obama. In addition, I'll begin to introduce the federal judiciary, including "how to" find court decisions, particularly U.S. Supreme Court cases, and provide you some tips and authoritative links about reading and understanding court decisions. (Go here for a roundup of Snoopers Tips thus far.)

As always, I will direct you to what we call "primary sources" where you'll find the official versions of presidential memoranda, executive orders, speeches, press conferences, etc. Then you may decide how to interpret the information without it first being filtered through the media.

Also, I note that I have had many new visitors from India. I certainly appreciate your visits and hope that some will return again and again for *Snoopers Tips*, and other articles. New subscribers are always welcome! Thank you for your visits!
