Population, percent change, 2000 to 2010 -18.3% 1.6%

Population, 2000 82,026 11,353,140

I'm going to be going to college next year, and it's not very cheap

Shop around get a good price

http://loyalopposition.blogs.nytimes.com/2012/03/05/romney-in-ohio-want-college-cant-afford-it-too-bad/“It would be popular for me to stand up and say I’m going to give you government money to pay for your college, but I’m not going to promise that,” he said, to sustained applause from the crowd at a high-tech metals assembly factory here. “Don’t just go to one that has the highest price. Go to one that has a little lower price where you can get a good education. And hopefully you’ll find that. And don’t expect the government to forgive the debt that you take on.”
