Florida Congressloon Allen West Appears Among Images For Google Search "Psychiatric Nurse Uniform"

I was doing a Google image search today for "psychiatric nurse uniform" (don't ask) and about 20% down the first image page results there's a fine portrait of Congressman Allen West, who has lately been in the news. A bit surprising, but hell, almost every legislator had an occupation prior to landing in the U.S. Congress, and a psychiatric nurse in honorable, important work. Good for you, Congressman.
